What have past trainees said about us?

“I would highly recommend the CELTA course through Live Language. The tutors were so informative and provided invaluable support throughout the learning process. The hands on teaching practice was so instrumental in the process of learning to become a successful ESL teacher. It was certainly intense, but still enjoyable all the same and I feel like I learned so much throughout the course.”

Alex (4-week face-to-face course, 2022)

“I took the course as the CELTA is the best and most widely recognised qualification in the field and will enable me to change direction in my teaching career. I liked the fact that it enabled me to fit studying around my job whilst giving me the opportunity to meet with tutors and fellow students twice a week. Studying online was intense but provided much more flexibility, and the support given by the tutors was excellent. As I intend to continue teaching online, the teaching practice was perfect for me, however the course also prepares you really well for face-to-face teaching. I would recommend the course to anyone looking for a highly regarded qualification delivered by professional and supportive tutors, in a way that allows for maximum flexibility. ”

Lynne (11-week online CELTA, 2023)

“I took the CELTA course as I wanted to gain a qualification that would enable me to travel the world and work abroad. Little did I know I would fall in love with teaching whilst I was doing it. This is easily the best taught course I have ever undertaken and this is a real credit to the tutors Daniella and Heather who run the course. Having completed the course I feel like I have gained so many real, practical skills which will set me in great stead for my future career and more importantly it really made me excited about moving on to become a teacher. This really is a great course and I couldn't recommend it highly enough to anyone wishing to take a similar career path in their life.”

Mark (4-week face-to-face course, 2023)
